

*In 1935 the Trattoria Valcanover was born
and still eats like the locals did then*

Trattoria Valcanover was born in the early 1930s thanks to grandparents Maria and Guglielmo. At the time, fish from Lake Caldonazzo was cooked and many, after cooling off in the waters of our lake, stopped here for a snack with pesatei.

Over the years, thanks to their son Marco and his wife Felicita, the restaurant has evolved, continuing its tradition. Now we, grandchildren Manuel and Monica, together with Michele, are always trying to improve ourselves; this is also why in recent years we have been trying to adopt some

philosophies that aim to promote food as a bearer of pleasure, culture, traditions, identity, respecting the territory and local traditions.

BIRRA DI FIEMME

BIRRA ARTIGIANALE DAL 1999

Birra di Fiemme is the beer of one of the most suggestive and pleasant valleys of Trentino Alto Adige where the richness of pure water and the desire for tradition have reproduced that ancient alchemy that here for centuries has allowed the production of one of the most thirst-quenching, natural and healthy drinks that man is given to create: a unique beer, with a full and refined taste.
